

Teamleader Mission Statement

English

One-liner.

Teamleader incorporates CRM, project management and invoicing into one simple and intelligent tool that helps businesses work smarter.

Short.

Teamleader helps you and your team work smarter so your small business prospers. Bringing CRM, project management and invoicing together with an intuitive software solution, Teamleader enables your team to collaborate, organise and build your business.

Long.

Teamleader helps you and your team work smarter so your small business prospers. Since Teamleader allows you to take charge of operational essentials, you can focus on projects and relationships. Bringing CRM, project management and invoicing together with an intuitive software solution, Teamleader enables your team to collaborate, organise and build your business.
